Welcome to Virscend University

Innovative Education in California's Tech Hub

Virscend University is a young, agile institution at the heart of a thriving innovation and business community. Accredited by the WASC Senior College and University Commission (WSCUC), we uphold the same rigorous standards as top universities like Stanford and UC Berkeley. Our STEM-designated MBA program and flexible partnership models prepare students for success in a global market.

Why Partner with Virscend?

- WASC-accredited quality education
- Prime location for business and tech exposure
- Pathways to U.S. degrees and work opportunities

STEM-Based MBA Program

A Cutting-Edge Degree with Real-World Impact

Our STEM-designated MBA blends business management with technology and analytics, covering topics like digital marketing and data analytics. Every student completes a required internship gaining hands-on experience in U.S. companies. International students can apply for Curricular Practical Training (CPT) which will allow them to do their internship during their studies,

Extended Work Opportunities for Graduates

International MBA graduates can access up to 3 years of U.S. work authorization:

- 12 months of Optional Practical Training (OPT)
- 24-month STEM OPT extension

This extended time allows alumni to build careers, networks, and job prospects in the U.S.
